

CEN TEX MODELERS INC

PO Box 874

Killeen, Texas 76540-0874

AMA Charter 1972

Continuing Resolution

At a meeting duly called for such purpose on September 7, 2011 and in accordance with Article X, Section Eight, the following was affirmed and passed.

PARKING AT HALL FIELD

1. To be in compliance with the Corps of Engineers directives, authorized parking beyond the main gate is permitted in designated area only: (See attached Diagram)
  - a. The area to the north, your right, after you have turned left off the park road way is open for general public parking.
  - b. Past the gate, the area to your right (north) of the gravel roadway, parking is permitted from the old handy cap parking area and to the front of the hanger (west side) to the pavilion and from the fence to the right (north) to the left (south) by the turn around.
  - c. The area to the left (south) of the gravel road, between the tree line to the east and the Rail Road Ties is open for parking
2. Parking on the gravel driveway and turn-around is not permitted and must be free except for model and equipment loading and unloading.
