## **A HISTORY OF CEN-TEX MODELERS**

### **INTRODUCTION**

The purpose of this document is to reflect a compiled history of CEN-TEX Modelers Inc from photographs, and other existing documents. CEN-TEX Modelers Inc had its inception shortly after Memorial Day 1972 when a group of local military members and civilians formed CENTEX Model Masters. The founding officers were: President: Jim Andrukates, Vice President: Jerry McCluney, Secretary: Bruce Humphrey and Treasurer: William Helmer. No known official membership roster for 1972 exists. . The club held its first meeting in the Killeen Library, and shortly thereafter obtained a building on Fort Hood for their meetings.

However, prior to the official founding of CEN TEX Model Masters the group consisting of: Jim Andrukates, Jesse McGee, Robert Hall, Gerald McCluney, David Brown, and several others flew their models at Elijah and Georgetown Road, Strip 12, and an area northeast of Killeen near the junction of 38<sup>th</sup> Street and FM 439. Later the group flew at Strip 41.

After it's official founding the club flew from other sites, i.e., the area of the commissary, from the corner of WS Young Drive and Elm Road, the Speedway on Old Copperas Cove Road, and LZ Phantom. Early in 1981 the organization lost its site at LZ Phantom, and thus began the search that eventually led the organization to the US Army Corps of Engineers who granted the group a lease on the property that is now called Hall Model Field in memory of Robert Hall, one of the two members who talked with the Corp.

From this simple beginning the club grew, and is now known as CEN-TEX Modelers Inc. The pages of this document tell the story.
