2022 Event Schedule

CD's, Pick an event and date

Contest Directors requested

Time to start thinking about the Gift you are bringing to the club Birthday party in March.

Bring a gift up to \$20 to exchange

President's Corner

Weather is cold, hate flying when temp is less than my age, however more things get built, repaired, etc.

As we approach a new flying season, lets keep safe, have fun, try to fly with a spotter (good habit) and plan to attend the club events. Food is taken care of because of Ryan's family so it's one less thing we need to worry about.

I want to see a club birthday party in March, you know just about warm enough but not too cold in the sun.

If you had a birthday within the last 12 months, you are invited. Bring a gift, up to \$20 to exchange, wrap it, and we will hold a Chinese Gift Exchange after we enjoy a potluck (yes YOU bring food) Just need to confirm the Day....at February meeting... be there.

CRASH OF THE MONTH

This month goes to Jim Hillin again.. poor skyraider...

. before and after... sniff

Current Projects

Sergio submitted this...

It is a Tiger 3; originally it was white with red/blue stripes. I have changed it to a camo looking but when I was trying to start the covering, my iron failed so I had to use a regular house iron.

Went to fly the other day at the field but the engine quit in midair and had a hard landing.

Nothing major just a broken propeller.

Way to go Sergio, fantastic looking plane.
