PRESIDENT'S CORNER

Well it has been a good month lots of flying and a little work done. I want to thank all the folks that came out to build the flight stands, special to Lee Mitchel for cooking those good burgers. With all the help we had we were done before noon, then folks ate and got in some flying. Not much on the books for this month just normal field maintenance and lots of flying if the weather lets us. AS the last couple of days have shown summer is here with 100 degree temps so what each other and drink lots of fluids we don't need any one with het stroke. For all of you who didn't make the Waco big bird you missed a good turn out. It did get a little warm by lunch but it was a good flying day. I know a lot of you planed on going to Austin fly in that day you will have to let me know how it was. Well enough rambling by me don't forget the meeting on the fifth of July. See you all at the field and keep em flying.

Jim
