President's Corner

Its sad to lose anther member due to illness, Jose Muerlo has got his permanent wings now.

I have not been out at the field much lately, Son has had all surgeries done, but is back in the hospital with a blockage, we have no idea of the options available to him.

Maybe I should take a break from this all for a bit, at least until things settle down.

Time to find.....

Someone to take over writing the newsletter, I've got too much other stuff going on to do it right.

It's a powerpoint, exported as pdf, copy and paste over previous Issue, not difficult.

IF nobody takes over, newsletter will become a meeting reminder
